

October 21<sup>st</sup> 1872

Birthday of W. S. F.  
born 1816.

As I cannot remember  
the year Mr. Fane was  
in England, so as to feel  
assured of his age today,  
I think he went to Dulich  
in 1822 - if so, it makes  
him 55 - which I cannot  
believe - "How delightful  
I was to be enabled to  
cherish every holy emotion  
I saw the choice of his  
men, and as I was  
to cultivate the tendings

of Divine Grace - of  
this we have warrant  
from Scripture - "Sow  
the seed, as it in God's  
time it will bring forth  
fruit to perfection -"  
My walking thoughts were  
out of track, I do not  
feel my affections chilled  
by the freezing influence  
of 3 Stone arch 20, my  
feelings are still as  
fresh and glowing

towards "Master June"  
as whom in his childhood  
there was in him so much  
development of Heart  
with a grateful sense  
of your refined and kind  
condescension, believe me  
very sensibly your  
Gratefully attached  
Elemer Mann.
